Faster. Easier. Friendlier.

## Noise Monitoring Sub-Committee

**Date:** Friday, 19 January 2024

**Time:** 10.30 a.m.

**Venue:** Online via Microsoft Teams

**Contact Officer:** Mike Jones

**Tel:** 0151 691 8363

**e-mail:** MichaelJones1@wirral.gov.uk

**Website:** <https://www.liverpoolairport.com/liverpool-john-lennon-airport-consultative-committee>

---

## AGENDA

1. **APOLOGIES**
2. **DECLARATION OF INTERESTS**
3. **CHANGES IN MEMBERSHIP**
4. **APPOINTMENT OF VICE CHAIR**
5. **MINUTES OF LAST MEETING (Pages 1 - 18)**

To approve the minutes of the Noise Monitoring Sub-Committee meeting held on 20 October 2023, attached.

6. **NOISE COMPLAINTS LOG (Pages 19 - 32)**

To consider the Noise Complaints Log for the period 1 October 2023 to 31 December 2023, attached.

**7. AIRSPACE CHANGE**

**8. DATE OF NEXT MEETING**

The next meeting of the Noise Monitoring Sub-Committee will be set at the Consultative Committee meeting in February 2024.

**9. ANY OTHER BUSINESS**

## **NOISE MONITORING SUB-COMMITTEE**

Friday, 20 October 2023

### **PRESENT:**

Normal Elias, Chair

Helen Bradshawe, Environmental Health, Knowsley Council

Ian Rushforth, Environmental Health, Liverpool Council

Martin Doyle, Environmental Health, Cheshire West and Chester Council

Niall Traynor, Environmental Health, St Helens Council

Kimberley Berry, Liverpool Council Cressington Ward

Isobel Mason, Environmental Health, Halton Council

Liverpool John Lennon Airport

Andrew Dutton, Head of Environment and Sustainability

Colin Barnes, Environment and Safeguarding Manager

Secretariat

Mike Jones, Secretary

### 30 **APOLOGIES**

Apologies for absence had been received from:

Ian Gaskell, Knowsley Council

David King-Hele, Wirral Council

Bob Swann, Chair of Consultative Committee

Councillor Graham Wood, Frodsham Council

### 31 **DECLARATION OF INTERESTS**

There were no declarations of interests.

### 32 **APPOINTMENT OF VICE CHAIR**

The Chair invited nominations to be Vice Chair of the Sub-Committee.

No nominations were received so the item was deferred to the next meeting.

### 33 **CHANGES IN MEMBERSHIP**

The Secretary informed the Sub-Committee that Niall Traynor was the new representative from St Helens Council.

### 34 **MINUTES OF LAST MEETING**

**Resolved - that the minutes of the meeting of the Noise Monitoring Sub-Committee held on 28 July 2023 be agreed as an accurate record.**

## 35 NOISE COMPLAINTS LOG

The Environment and Safeguarding Manager introduced the Noise Log for the period 1 July to 30 September 2023. He provided details of aircraft movements and also gave an explanation of runway approach and departure routes. There were usually about 4,300 movements per month during the day and 300 movements at night per month, and the runway use was approximately 75% approaching from the East (Runway 27).

It was noted that the Wallasey navigation beacon operated by NATS was out of action with a technical fault from 27<sup>th</sup> to 31<sup>st</sup> July which meant there was a simpler departure route that resulted in aircraft being in a different position after an initial turn. This resulted in more aircraft flying over the Garston and Cressington area which were residential areas. This generated a spike in complaints, with a maximum of 28 in a day compared to the normal 1 or 2. The numbers of complaints was displayed graphically to show the numbers of complaints per day, and per area. There were 93 complaints relating to the Wallasey beacon outage. Separately some complainants queried decisions on runway selection (orientation) when the national forecast showed that winds were not from the East but it was explained that a local weather station was used rather than the national forecast.

**Resolved – that the Noise Complaints Log for 1 July 2023 to 1 September 2023 be noted.**

## 36 AIRSPACE CHANGE

The Head of Environment and Sustainability gave an update on the Airspace Change Process (ACP) since the last meeting. The airport were following the CAA guidance in CAP1616 which was a 7-stage process – Liverpool John Lennon Airport (LJLA) reached stage 4 before pausing the ACP in November 2020. When the LJLA ACP was unpaused the airport was required to review the options in stage 2 to reflect that the other sponsors in the Manchester Terminal Movement Area (MTMA) design had matured whilst the LJLA ACP was paused. The LJLA Stage 2 Addendum had been submitted to the CAA in August for the September Stage 2 Gateway. LJLA was informed the Addendum had passed the Gateway in October.

The MTMA is a cluster 5 ACP Sponsors - Liverpool, Manchester, Leeds Bradford and East Midlands Airports and NATS/NERL, the Air Traffic Service Provider responsible for the upper airways. The next stage was for these five sponsors to integrate their individual design into a solution that works for the region. The target date for the MTMA consultation remained summer 2025, with implementation expected in the 2027/28 Winter if the submission was successful.

**Resolved – That the update on the Airspace Change Process be noted.**

37 **DECARBONISATION PLAN**

The Head of Environment and Sustainability informed the Sub-Committee that the Airport would publish a decarbonisation plan in November 2023. There was positive news in that it had reduced emissions by 70% since 2011 by reducing power used, and decarbonising supply as a higher proportion of the supplied power was supplied from renewable sources. The LJLA objective was to decarbonise their ground operations completely by 2040.

The Airport also sought to assist in the facilitating of less carbon intensive flight by supplying alternative fuels, although this was outside of the target of the Plan. The Sub-Committee were also informed that a planned solar array had received a favourable response from the Planning Inspectorate and it was hoped that installation may start as early in the new year.

**Resolved – That the Decarbonisation Plan update be noted.**

38 **DATE OF NEXT MEETING**

The next meeting of the Noise Monitoring Sub-Committee will be on 19 January 2024 at 10.30am.

39 **ANY OTHER BUSINESS**

There was no other business.

					1350ft. NAN2V 75.5dB	
17 October 2023	07:10	Hale	Halton	Loud plane	Ryanair FR9824 Depart 09 Boeing 737-800 Rues 1515ft. NAN2V 75.2dB	Aircraft Operated within normal parameters.
17 October 2023	12:00	Aigburth	Liverpool	I was informed in the letter that the airport says that noise only increases when they're is bad weather or a runway is out of use. My feedback is that noise over the ward of L18 has increased significantly recently to the point where it has woken me up on occasions, and aircraft are regularly over the area, which contradicts the statement in the letter.	General	Letter refed to in the complaint was the letter sent regarding the WAL VOR outage. Confirmed that as Aigburth is near to Liverpool Airport aircrfat will pass over Aigburth when departing runway 27 on the BARTN 1T Standard Departure Route.
18 October 2023	06:45	Hale	Halton	Loud plane	Ryanair FR6360 Depart 09 Boeing 737-800 Kraków 1352ft. BAR2V 76.3dB	Aircraft Operated within normal parameters.
18 October 2023	07:00	Hale	Halton	Loud plane	easyJet EZY3421 Depart 09 Airbus A319 Faro 1283ft. NAN2V 73.6dB	Aircraft Operated within normal parameters.
18 October 2023	16:07	Hale	Halton	Noise over house	Ryanair FR9862 Depart 09 Boeing 737-800 Malaga 1336ft. NAN2V 75.4dB	Aircraft Operated within normal parameters.
19 October 2023	22:56	Hale	Halton	Too loud	Ryanair FR1443 Depart 09 Boeing 737-800 Dublin 2096ft. WAL2V 77.5dB	Aircraft Operated within normal parameters.

24 October 2023	07:29	Heswall	Wirral	Loud aircraft noise could be heard through double glazing	Logan Air LM681 Arrive 09 AT76 Isle of Man 2434ft. 77.2dB	Aircraft Operated within normal parameters.

Page 23

25 October 2023	10:20	Prenton	Wirral	Hello, I would like to raise a concern over the potential new routes being added to the airport itinerary. Whilst this is good news for the area, my concerns are around more aircraft and more noise pollution especially over Wirral junction 3 when runway 27 is being used. The noise when the Ryanair and easyjet planes fly over to Dublin, Cork and Belfast are not acceptable, especially the late at night flights. I'm sure they are too low and often not following the correct flight path.	General Depart 27	Explanation of the WAT 2T and 2V Standard Instrument Departure routes. Jet2 have not announced any new routes to Isle of Man or the Island of Ireland so there should not be any increase in flights related to Jet2 over Prenton
26 October 2023	06:37	Hale	Halton	Loud aircraft	Ryanair FR9202 Depart 09 Boeing 737-800 Porto 1254ft. NAN2V 73.8dB	Aircraft Operated within normal parameters.

26 October 2023	06:45	Hale	Halton	Loud aircraft	Ryanair FR4043 Depart 09 Boeing 737-800 Warsaw 1086ft. BAR2V 77.5dB	Aircraft Operated within normal parameters.
26 October 2023	06:56	Hale	Halton	Loud aircraft	easyJet EZY531 Depart 09 Airbus A319 Belfast 1600ft. WAL2V 76dB	Aircraft Operated within normal parameters.
26 October 2023	07:03	Hale	Halton	Loud aircraft	easyJet EZY3421 Depart 09 Airbus A319 Faro 1254ft. NAN2V 75.5dB	Aircraft Operated within normal parameters.
26 October 2023	23:28	Hale	Halton	Loud aircraft	Wizz Air W61312 Depart 09 Airbus A321Neo Warsaw 1233ft. BAR2V 80.5dB	Aircraft Operated within normal parameters.
27 October 2023	01:40	Frodsham	Cheshire West & Chester	I would like to make a complaint about aircraft noise during the night and early hours of the morning. The flight path rarely changes and the majority of the time the planes take off towards where i live (Frodsham). This is becoming more frequent and earlier in the day, i worry this will be even worse when Jet2 start to fly from there next year. Last night was the worst example, i was woken up frequently.	Alba Star AP1522 Depart 09 Boeing 737-800 Toulouse	Ad Hoc Football charter flights returning fans to Toulouse.
27 October 2023	06:10	Hale	Halton	Loud aircraft	easyJet EZY3367 Depart 09 Airbus A320 Malaga 1258ft. NAN2V 81dB	Aircraft Operated within normal parameters
27 October 2023	06:14	Hale	Halton	Loud aircraft	easyJet EZY3359 Depart 09 Airbus A320 Palma de Mallorca 1229ft. NAN2V 77.5dB	Aircraft Operated within normal parameters.

31 October 2023	07:23	Hoole	Cheshire West & Chester	31/10/2022 7:23am U23421 lpl fao	easyJet EZY3421 Depart 09 Airbus A320 Faro 6868ft. NAN2V 73.6dB	Aircraft Operated within normal parameters.
31 October 2023	15:15	Prenton	Wirral	Hello, I would like to raise a concern over the potential new routes being added to the airport itinerary. Whilst this is good news for the area, my concerns are around more aircraft and more noise pollution especially over Wirral junction 3 when runway 27 is being used. The noise when the Ryanair and easyJet planes fly over to Dublin, Cork and Belfast are not acceptable, especially the late at night flights. I'm sure they are too low and often not following the correct flight path.	General Depart 27 WAL2T	Explanation of the WAT 2T and 2V Standard Instrument Departure routes. Jet2 have not announced any new routes to Isle of Man or the Island of Ireland so there should not be any increase in flights related to Jet2 over Prenton.
02 November 2023	06:28	Hale	Halton	Loud aircraft	easyJet EZY531 Depart 09 Airbus A319 Belfast City 1654ft. WAL2V 73.7dB	Aircraft Operated within normal parameters.
02 November 2023	07:04	Hale	Halton	Too loud	easyJet EZY501 Depart 09 Airbus A320 Belfast Int 1452ft. WAL2V 75.5dB	Aircraft Operated within normal parameters.
03 November 2023	06:46	Hale	Halton	Loud aircraft	Ryanair FR5728 Arrive 27 Boeing 737-800 Kaunas	Aircraft Operated within normal parameters.

04 November 2023	08:28	Heswall	Wirral	Loud aircraft noise through double glazing	Wizz Air W61311 Arrive 09 Airbus A321Neo Warsaw 2513ft. 77.4dB	Aircraft Operated within normal parameters.
04 November 2023	09:41	Hale	Halton	Sounds like the loudest plane ever	Ryanair FR443 Depart 09 Boeing 737-800 Dublin 1529ft. WAL2V 82dB	Aircraft Operated within normal parameters.
05 November 2023	07:23	Hoole	Cheshire West & Chester	5/11/2023 7:23am U23359 lpl pmi	easyJet EZY3359 Depart 09 Airbus A320 Palma de Mallorca 6958ft. NAN2V 67.9dB	Aircraft Operated within normal parameters.
07 November 2023	12:00	Sefton Park	Liverpool	I live in the L17 area, just near Sefton Park. Over the last few months there has been a massive increase in the number of planes from Liverpool Airport that travel directly over the area, and they seem to also be flying lower.	General	Details sent of the the numbers of aircraft and their height over Sefton Park in Summer 2019 compared to 2023 to show no significant increase.
08 November 2023	06:56	Hale	Halton	Loud aircraft	easyJet EZY531 Depart 09 Airbus A319 Belfast City 1452ft. WAL2V 72.3dB	Aircraft Operated within normal parameters.
